大問2

これから、二つの話が流れます。それぞれの話に対して、質問が二つ読まれます。質問に対する答えとして最も適切なものを一つ選び、記号で答えなさい。話と質問は一度だけ読まれます。なお、メモを取っても構いません。

問1

(1) Why is the woman giving this talk?

ア　to welcome visitors to a history exhibition
イ　to teach students how to repair their phones
ウ　to prepare volunteers for a local history project
エ　to persuade local people to join an interview

(2) Which of the following statements is true?

ア　The volunteers will interview each person in their own home.
イ　The volunteers must get permission before recording an interview.
ウ　The volunteers should send their summaries only to the project leader.
エ　Every interview recording will be played at the town festival.

問2

(1) Why does the man suggest testing each design more than once?

ア　to find out whether an early result was unusual
イ　to make every bridge hold exactly the same weight
ウ　to choose a different type of paper each time
エ　to avoid writing down results that are surprising

(2) Which of the following statements is not true?

ア　The paper should have the same thickness for both designs.
イ　The distance between the books should stay the same.
ウ　Results that differ from expectations should still be recorded.
エ　A surprising result removes the need to explain the method.
